Shops & Products / Shops & Produkte

Browsing Shops

Navigate to **Shops** (`/shops`). All registered local shops are shown as tiles. Use the search bar to filter by shop name or location.

Free vs. Pro:

On the free plan users can view up to 5 shops. Upgrading to Pro removes this restriction and enables unlimited browsing.

Shop Detail Page

Clicking a shop tile opens the detail page with: shop name, description, address, contact details, all available products with price and category, average rating, all reviews, and action buttons.

Pro users additionally see a **"Get Directions"** button for turn-by-turn navigation to the shop via OpenStreetMap.

Product Categories

Fruits — Fresh regional fruit

Vegetables — Seasonal vegetables

Dairy — Milk, cheese, butter

Meat — Regional meat products

Bakery — Bread, pastries

Honey — Local honey products

Eggs — Free-range eggs

Herbs — Fresh and dried herbs

Drinks — Regional beverages

Other — All other regional products

Writing Reviews

1 Open the shop detail page

2 Click **"Write a Review"**

The review form will appear.

3 Choose a star rating (1–5)

4 Write your comment

Describe your experience in the text field.

5 Click **"Submit Review"**

The shop owner is automatically notified.

Sending Product Requests

Buyers can send a request for a specific product to the seller. **Status options:** Pending / Accepted / Rejected.

1 Find a product on the shop detail page

2 Click "Request Product"

The request form opens. The product name is pre-filled.

3 Describe your request and submit

Enter description (e.g. quantity, delivery details) and click "Send Request".

5 Interactive Map / Interaktive Karte

The map ([/map](#)) displays all registered shops as coloured markers on an OpenStreetMap base map. Click a marker to see shop name, address, and a link to the detail page.

Map Features: Free vs. Pro

FEATURE	FREE	PRO
View map	Yes	Yes
See shop markers	Yes	Yes
Zoom controls	Limited	Full
Get Directions	No	Yes
My Location	No	Yes
Fullscreen view	No	Yes

Using Directions (Pro only)

- 1 Click a shop marker**
A popup appears with shop name and details.
- 2 Click "Directions"**
The system detects your location (browser permission required) and calculates the route.
- 3 Follow navigation instructions**
The route is drawn on the map. Step-by-step instructions appear in a side panel.

Tip:

Allow the browser access to your location when prompted to use "My Location" and route calculation. This is a browser-level permission and can be revoked at any time in browser settings.

For Sellers / Für Verkäufer

Creating a Shop

Navigate to `/seller/shops/new` or click **"Create Shop"** in the seller dashboard.

- 1
- Enter Shop Name
- Choose a descriptive name that represents your shop and its offering.
- 2
- Write a Description
- Describe your products and special features. A good description helps buyers find and trust your shop.
- 3
- Enter Address (with Autocomplete)
- Type your address. The system suggests addresses via OpenStreetMap. Select an entry — city and coordinates are filled in automatically.
- 4
- Alternatively: Use GPS Location
- Click "Use GPS Location". After browser permission is granted, coordinates are filled in automatically.
- 5
- Save the Shop
- Click "Create Shop". The shop immediately appears on the map and in the shops list.

Managing Products

In the seller dashboard navigate to your shop and click **"Add Product"**.

FIELD	DESCRIPTION	REQUIRED

Quantity Available	0 = Not available (shown as unavailable to buyers)	Yes
Category	Select from the category list	Yes
Product Image	Upload a photo of the product	Optional
Discount (%)	Percentage discount off the regular price	Optional

Seller Dashboard

The seller dashboard (`/seller/dashboard`) provides a complete overview of your RegioSync activity.

- **Statistics:** Total shops, products, reviews, and average rating at a glance.
- **My Shops:** List of all shops with quick access to editing and product management.
- **Incoming Requests:** All product requests from buyers, sorted by shop and status (Pending / Accepted / Rejected).
- **Review Overview:** All customer reviews in one consolidated view.

Responding to Product Requests

1 Open Dashboard (`/seller/dashboard`)

2 View Incoming Requests

New requests appear in the "Incoming Requests" section with status **Pending**.

3 Accept or Reject

Click **"Accept"** (green) or **"Reject"** (red). The buyer is automatically notified via the notification system.

7 Administration

The admin area (/admin) is exclusively accessible to users with the **Administrator** role. It provides tools to manage all users and moderate the platform.
